

# 300 watt projection lamp

lamp pictures		Luminous Flux 光通量	27000-30000LM
Lighting Description			
		Correlated Color Temperature./Wavelength 相关色温 / 波长	8000K ~ 8500K
		CRI 显色指数	85Ra
		Forward Voltage 正向电压	12.5-18V
		Operating Temperature 工作温度	-40~60℃
光源		灯具尺寸	transfer method
Lighting Resource		lamp Size	change
Light source type / specification	High-power LED		
Lamp beads	Sanan chip		
Power supply model	MEAN WELL HLG-240-24A		
product name	300W LED outdoor rotating projection lamp		
Product number	JWB300		
power	300 watts		
灯具及电器			
Lamp and Electrical Equipment			
Color temperature	8000-8500K		

Light source life	≥30,000 hours	
Beam angle	0.2 0.3 ( 默认 ) 0.65 0.87	Installation dimensions
Adjustable angle of bracket	0-180 °	 <p><b>150-300</b> <b>安装支架底座</b></p>
Projection distance	6-100m	
Rotation transmission	Umbrella tooth rotation	
Lens size	63MM high temperature lamp	
Imaging lens	6-piece ultra-high-definition	
installation	ce mounted ceiling, s	
Cooling method	Aviation cold forged aluminum + double row booster fan	
Protection level	IP65 outdoor rainproof	
Security project	Lightning protection, overcurrent and overvoltage	
mensions / opening s	Installation dimensions (see picture on the right)	
Lightning protection ESD protection	IEC61000-4 (Level4)	
Accessories	Pull out some screws	
Weight of the whole lamp	7.5 kg	
housing material and	Aluminum alloy black
